**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Commissioners
Van Buren County
Paw Paw, Michigan

Report on Compliance for Each Major Federal Program

We have audited Van Buren County, Michigan's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended September 30, 2020. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The County's basic financial statements include the operations of the Van Buren County Road Commission, discretely presented component unit, which expended \$831,819 in federal awards, which are not included in the Schedule of Expenditures of Federal Awards for the year ended September 30, 2020. The Van Buren County Road Commission did not have a single audit required because the Michigan Department of Transportation (MDOT) requires that road commissions report all federal and state grants pertaining to their county whether it is subject to single audit at their level or not. During the year ended December 31, 2019, the federal aid received and expended by the Van Buren County Road Commission was \$670,374 for contracted projects and \$161,445 for negotiated projects. Contracted projects are defined as projects performed by private contractors paid for and administrated by MDOT. The contracted federal projects are not subject to single audit requirements by the road commissions, as they are included in MDOT's single audit. Negotiated projects are defined as projects performed by road commission employees or private contractors paid for and administered by the road commission which are subject to single audit requirements, if the amount expended is \$750,000 or more.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, Van Buren County, Michigan, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2020.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Van Buren County, Michigan, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We did not audit the financial statements of the Van Buren County Road Commission, which represents 89%, 94%, and 94%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. We issued our report thereon dated March 19, 2021, which contained unmodified opinions on those financial statements based on our audit and the report of other auditors. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Maney Costeiran PC

VAN BUREN COUNTY, MICHIGAN
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

NOTE 1 - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Van Buren County, Michigan, and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the basic financial statements, which are reconciled in Note 3. The County has elected not to use the 10 percent de minimus indirect rate allowed under the Uniform Guidance.

Federal awards of the Van Buren County Road Commission are excluded from the accompanying Schedule of Expenditures of Federal Awards. This component unit's audit report is issued under separate cover. To view copies of those reports, contact the administrative offices of the component unit or the Van Buren County Clerk's office.

NOTE 2 - SUMMARY OF SIGNIFICANT EXPLANATIONS OF SCHEDULE

The following descriptions identified below as (a) - (d) represent explanations that cross reference to amounts on the Schedule of Expenditures of Federal Awards:

- (a) Reimbursement of these contracts is passed through the State Department of Human Services (DHS). The amounts reported on the Schedule of Expenditures of Federal Awards represent the Federal portion of the respective amounts based on 66% of Title IV-D eligible expenditures for the applicable grants. The entire amount paid by DHS for the reimbursed expenditures is considered Federal.
- (b) The reimbursements for the IV-D Incentive Payments Program are based on support payments collected. Expenditures have been reported to the extent of earned revenues and are 100% Federal.
- (c) Denotes programs tested as "major programs".
- (d) Denotes programs required to be clustered by the United States Department of Transportation.

NOTE 4 - SUBRECIPIENTS

No federal awards were passed through by the County to any subrecipients during the year.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Commissioners
Van Buren County
Paw Paw, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Van Buren County, Michigan (the County), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated March 19, 2021. We did not audit the financial statements of the Van Buren County Road Commission, which represents 89%, 94%, and 94%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinions, insofar as they relate to the amounts included for the Van Buren County Road Commission, are based solely on the report of the other auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion of the effectiveness of the County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and questioned costs, we did identify certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2020-001 and 2020-002 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs as 2020-003 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

County's Responses to the Findings

The County's responses to the findings identified in our audit are described in the accompanying corrective action plan. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Section I - Summary of Auditor's Results

Financial Statements

Type of auditor's report issued based on financial statements prepared in accordance with generally accepted accounting principles:

Unmodified

Internal control over financial reporting:

- Material weakness(es) identified? X Yes No
- Significant deficiency(ies) identified? X Yes No

Noncompliance material to financial statements noted?

 Yes X No

Federal Awards

Internal control over major programs:

- Material weakness(es) identified? Yes X No
- Significant deficiency(ies) identified? Yes X None reported

Type of auditor's report issued on compliance for major programs:

Unmodified

Any audit findings disclosed that are required to be reported in accordance 2 CFR 200.516(a)?

 Yes X No

Identification of major programs:

CFDA Number(s)	Name of Federal Program or Cluster
93.563	Cooperative Reimbursement Program
97.067	Homeland Security Grant Program

Dollar threshold used to distinguish between Type A and Type B programs:

\$750,000

Auditee qualified as low-risk auditee?

 Yes X No

VAN BUREN COUNTY, MICHIGAN
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (continued)
YEAR ENDED SEPTEMBER 30, 2020

Section II - Financial Statement Findings

2020-001 MATERIAL JOURNAL ENTRIES PROPOSED BY AUDITORS

Condition: Material journal entries for the proper recognition of grant revenue and related amounts due from other governmental units were proposed by the auditors. These misstatements were not detected by the County's internal control over financial reporting. These entries were brought to the attention of management and were subsequently recorded in the County's general ledger. A similar issue was noted and reported in our audit comments last year.

Criteria: Auditing standards emphasize that management is responsible for establishing, maintaining, and monitoring internal controls, and for the fair presentation in the financial statements of financial position, results of operations, and cash flows (where applicable), including the notes to the financial statements, in conformity with U.S. generally accepted accounting principles.

Cause: Management did not properly identify the misstatements and record the necessary adjustments.

Effect: The County's financial reports contained material misstatements that were not otherwise identified by management.

Recommendation: We recommend that the County take steps to ensure that material journal entries are not necessary at the time future audit analysis is performed.

2020-002 PRESENTATION OF COMPLETE AND ACCURATE TRIAL BALANCE

Condition: The general ledger maintained by the County during the year was not complete and accurate. Activity related to the County's Homeland Security Grant Program is only partially maintained in the County's computerized general ledger. Other activity related to the grant program is maintained by the Region 5 Fiduciary director in a different financial accounting software and added to the County's general ledger through journal entries subsequent to audit fieldwork. Reconciliations and related adjustments for grant activity were not completed until March 2021.

Criteria: Auditing standards emphasize that management is responsible for establishing, maintaining, and monitoring the financial position of the organization and in order to do this a complete and accurate trial balance is a fundamental cornerstone of that responsibility.

Cause: Activity related to the Homeland Security Grant programs was not reconciled and recorded in the County's general ledger during the year.

Effect: The County's general ledger contained balances that did not reflect the support obtained during and subsequent to audit fieldwork.

Recommendation: We recommend the County take steps to ensure that a complete and accurate general ledger is maintained throughout the year and properly reconciled and supported by detailed documentation at year end for audit purposes.

VAN BUREN COUNTY, MICHIGAN
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (continued)
YEAR ENDED SEPTEMBER 30, 2020

Section II - Financial Statement Findings (continued)

2020-003 SEGREGATION OF DUTIES - TREASURER'S OFFICE

Condition: We noted that additional separation of duties may be necessary to strengthen internal control in the Treasurer's office. Specifically, we noted that the same individual has the ability and responsibility to process receipts and balances the cash drawers at the end of the day, including her own drawer. This issue was noted and reported in our audit comments last year.

Criteria: The main concept of internal control is to assure that no one person handles all aspects of processing a transaction. Accounting duties should be segregated to the extent possible.

Cause: The County Treasurer's office has a limited number of staff.

Effect: The Treasurer's office would have difficulty identifying general errors or misappropriation of funds as several accounting duties are controlled by a single individual.

Recommendation: We recommend the County take steps to ensure that the accounting duties at the Treasurer's office are segregated to the extent possible. This would include segregating the receipting and reconciling processes and/or implementing additional review procedures by an appropriate level of management to strengthen the internal control system.

Section III - Federal Award Findings and Questioned Costs

None noted.

OFFICE OF COUNTY ADMINISTRATOR

219 EAST PAW PAW STREET, SUITE 201, PAW PAW, MICHIGAN 49079-1492

CORRECTIVE ACTION PLAN

Year Ended September 30, 2020

2020-001 MATERIAL JOURNAL ENTRIES PROPOSED BY AUDITORS

County personnel responsible for resolution: Ryan Post, Finance Director

Corrective action plan response: The Finance Director will work with administrative personnel in the affected departments to ensure that proper journal entries are made at year end.

Anticipated completion date: September 30, 2021

2020-002 PRESENTATION OF COMPLETE AND ACCURATE TRIAL BALANCE

County personnel responsible for resolution: Ryan Post, Finance Director, and Brigitte Vegter, Region 5 Fiduciary

Corrective action plan response: The Finance Director will work with the Region 5 Fiduciary to ensure the County's general ledger is complete and accurate in a timely fashion.

Anticipated completion date: September 30, 2021

2020-003 SEGREGATION OF DUTIES - TREASURER'S OFFICE

County personnel responsible for resolution: Trisha Nesbitt, County Treasurer

Corrective action plan response: The County Treasurer will assess current staffing to address appropriate level of internal controls as recommended by auditors.

Anticipated completion date: September 30, 2021

**VAN BUREN COUNTY, MICHIGAN
SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS
YEAR ENDED SEPTEMBER 30, 2020**

FINDINGS/NONCOMPLIANCE

Control Deficiencies and Material Weaknesses Related to Internal Controls Over the Financial Statements.

2019-001 MATERIAL JOURNAL ENTRIES PROPOSED BY AUDITORS

Condition: Material journal entries for the proper recognition of property taxes receivable and related unavailable revenue, drain debt activity, amounts due from other governmental units, and beginning equity were proposed by the auditors. These misstatements were not detected by the County's internal control over financial reporting. These entries were brought to the attention of management and were subsequently recorded in the County's general ledger. Similar issues were originally noted and reported in the audit for the year ended September 30, 2011.

Resolution: Issues such as this are reevaluated each year and if there are entries necessary it is noted at that time. A similar issue was noted during the current audit and reported in the schedule of findings and questioned costs as finding 2020-001.

2019-002 BANK RECONCILIATIONS

Condition: During our review of the County's internal controls, we noted that bank reconciliations were not being completed and reviewed in a timely manner. At the time of our preliminary fieldwork in October 2019, it was noted that bank reconciliations had only been performed through March 2019.

Resolution: During our review of the County's internal controls in 2020, we noted that bank reconciliations appear to be completed and reviewed in a timely manner. We consider this finding resolved.

2019-003 SEGREGATION OF DUTIES - TREASURER'S OFFICE

Condition: We noted that additional separation of duties may be necessary to strengthen internal control in the Treasurer's office. Specifically, we noted that the same individual has the ability and responsibility to process receipts and balances the cash drawers at the end of the day, including her own drawer. This issue was originally noted and reported in the audit for the year ended September 30, 2019.

Resolution: During our review of the County's internal controls in 2020, we noted that this condition is still present and reported in the schedule of findings and questioned costs as finding 2020-003. We do not consider this finding resolved.

Findings Related to Compliance with Requirements Applicable to the Financial Statements.

2019-004 BOARD OF COMMISSIONER EXPENSE REIMBURSEMENTS

Condition: We noted that some of the expense reimbursements requested and received by members of the Board of Commissioners were for activities that were not allowed under the conditions set forth in the Board of Commissioner's handbook. We also noted the Chairman of the Board of Commissioners reviews and approves his own expense reimbursement requests. While it is within the Chairman's duties to review and approve all other board members expense reimbursements, there is not sufficient segregation of duties when he reviews his own.

VAN BUREN COUNTY, MICHIGAN
SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS (continued)
YEAR ENDED SEPTEMBER 30, 2020

FINDINGS/NONCOMPLIANCE (continued)

Findings Related to Compliance with Requirements Applicable to the Financial Statements (continued).

2019-004 BOARD OF COMMISSIONER EXPENSE REIMBURSEMENTS (continued)

Resolution: Subsequent to the issuance of the report on internal control for the year ended September 30, 2019, the County's management provided additional information related to the expense reimbursements requested and received by the members of the Board of Commissioners. The transactions would not have been compliant with the 2019 Official Bylaws and Rules of Procedure for the Board of Commissioners; however, the 2019 Official Bylaws and Rules of Procedure for the Board of Commissioners were not approved until January 3, 2019. Based on the additional information provided, we acknowledge that the transactions for mileage and per diems in October and November 2018 that were selected for testing were in compliance with the 2018 Official Bylaws and Rules of Procedure for the Board of Commissioners.

We also noted that the County has revised policies and procedures related to the review and approval of the Chairman's expense reimbursements, requiring sufficient segregation of duties.

We consider this finding resolved.

2019-005 UNFAVORABLE BUDGET VARIANCES

Condition: We noted that the County did not adopt a budget for all Special Revenue funds, and as a result, expenditures had exceeded the amounts appropriated in some of the County's Special Revenue funds as noted in the notes to the required supplementary information.

Resolution: During our review of the County's compliance with the budgeting act in 2020, we noted that the County budgeted appropriate amounts to cover expenditures. We consider this finding resolved.

Findings Related to Compliance with Requirements Applicable to Federal Awards and Internal Control Over Compliance in Accordance with the Uniform Guidance.

None noted.
