

1 BANGOR TOWNSHIP, VAN BUREN COUNTY
2 ORDINANCE NO. 18
3
4

5 An ordinance to regulate placement or construction of all structures, whether site built,
6 manufactured, mobile or modular located within Bangor Township, Van Buren County,
7 Michigan
8
9

10 THE TOWNSHIP OF BANGOR HEREBY ORDAINS:
11
12

13 **Section 1. Purpose.** To protect the safety, health, prosperity, comfort,
14 convenience, and welfare of the public of the Township of Bangor, Van Buren County,
15 Michigan.
16

17 **Section 2. Structure Defined.** The construction by artificial methods or artificial
18 building or any combination of parts joined together in some definite manner, any
19 addition, edifice or building of any kind whether site built, manufactured, mobile or
20 modular, is hereinafter deemed to be a structure. Fences shall be excluded from this
21 definition.
22

23 **Section 3. Building Permit Required.** All structures located, or to be located in
24 Bangor Township, except those structures excluded by the state construction code, must
25 obtain a building permit prior to start of work or moving the structure within or into the
26 Township of Bangor.
27

28 **Section 4. Compliance with Codes.** All structures constructed or located in
29 Bangor Township shall conform to all Township, State and Federal codes. These codes
30 shall apply to all structures built or brought into the Township. Those structures whose
31 location has changed within the township or on a lot; and those structures site built,
32 mobile or modular, which replace an existing structure, shall also conform to all Codes
33 as set forth herein.
34

35 **Section 5. Minimum Floor Area . Residential Structures**
36

- 37 (a) All structures to be used for a residence or human habitation shall have a
38 floor area of not less than 720 square feet and a width of not less than 14
39 feet, except when located in a mobile home park.
40
41 (b) Square footage determination - In determining the square footage set forth
42 above, additions may be considered or permitted in an effort to meet the

minimum requirements. However, two or more mobile homes not so designed by the manufacturer, may not be put together nor may a mobile home be added to an existing mobile home. No mobile home may be installed as an addition to an existing conventionally constructed home. A stick-built constructed home may be built over a mobile home, provided that it meets all construction codes and there is no load-bearing weight put on the mobile home. A drawing and appropriate plans must be submitted to the Bangor Township Building Inspector, prior to obtaining a permit.

Section 6. Other Permits and Inspections.

- (a) Sanitary permit prior to commencing construction or prior to placement of any structure for human habitation there shall be obtained a sanitary permit from the Van Buren County Health Department A copy of the sanitary permit must be attached to the building permit application.

Section 7 Mobile or Modular Home Minimum Foundation Requirements. All mobile or modular homes shall be set on a permanent foundation which shall consist of a full cement slab or basement of the same length and width as the mobile or modular home. Specifications will be issued by the Building Inspector at the time of the permit application.

Section 8 Anchoring System.

- (a) All mobile homes must be anchored by means of a combination of ties, anchoring equipment and ground anchors that will, when properly installed, resist movement of an in-place mobile home caused by wind force.
- (b) A mobile home anchoring system that is sold or manufactured or installed within the State shall comply with all of the following provisions:
 - (1) Be designed and constructed in compliance with the United States Department of Housing and Urban Development Regulations, entitled "Mobile Home Construction and Safety Standards", which are adopted herein by reference. A copy of the Standards may be obtained from the Superintendent of Documents, United States Government Printing Office, Washington DC 20402, at a cost of approximately \$7.00 per copy; or from the Department of Consumer and Industry Services, Mobile Home Division, P. O Box 30222,

Lansing, Michigan, 48909, at a cost of approximately \$7.00 per copy.

- (2) Be installed in compliance with the manufacturers specifications.
- (3) Be approved for sale and use within this state by the Michigan Construction Code Commission.
- (4) An anchoring system that is sold in the State of Michigan shall be certified by the manufacturer as meeting the standards as required by federal and state authorities.

Section 9. Skirting

- (a) All mobile homes must be skirted. This material between the ground and the base of the mobile home must conform and be of similar material as the original structure.
- (b) Mobile home skirting shall be vented. Louvered or similar vents shall be at a minimum 600 square inches per 1000 square feet of living space. A minimum of one vent shall be placed at the front and rear of the mobile home and two to each exposed side. An access panel of sufficient size to allow full access to utility hook-ups located beneath the mobile home shall be installed. All Skirting shall be manufactured of fire resistant material and certified as such by the manufacturer.
- (c) Skirting shall be installed in a manner so as to resist damage under normal weather conditions to include but not limited to damage caused by freezing and frost, wind, snow and rain.
- (d) Skirting must be installed within thirty (30) days of locating the mobile home on its foundation.

Section 10 Exemptions. The foregoing requirements and standards shall not apply to a trailer, coach, mobile home or manufactured dwelling located in a licensed mobile home park, except to the extent that the same may be required by state law or otherwise specifically required by an ordinance hereinafter adopted by the Township pertaining to such parks.

Section 11. Conflicts. All other ordinances or parts thereof in conflict with the provisions of the Ordinance are, to the extent of such conflict, hereby repealed and each
