

NOTICE GENEVA TOWNSHIP RESIDENTS/PROPERTY OWNERS

The following notice received by Nancy Ann Whaley – Geneva Township Supervisor on Friday, February 13, 2009 9:28 AM from the Michigan DELEG

Section 1303.1 of the 2006 Michigan Residential Code states that label information on appliances shall bear the seal or mark of the testing agency. UL is just one of many nationally recognized testing agencies. The code requires all appliances regulated by the code to be listed and labeled. Because an appliance is located outside the home does not exempt it from this requirement.

**Kevin D. Kalakay, Assistant Chief Mechanical Division
Department of Energy, Labor and Economic Growth
Bureau of Construction Codes**

Providing for Michigan's Safety in the Built Environment

EFFECTIVE IMMEDIATELY date of this publication: All outdoor wood burners installed in Geneva Township MUST be LISTED and LABELED by UL (United Laboratories) or any one of the nationally recognized testing agencies. CODES are established to protect the “Health, Safety and Welfare” of all citizens.

Mechanical permits are also required for residential and commercial installations of heating, air conditioning, gas piping, solid fuel, boilers, fireplaces, chimney, solar, bath, dryer & range exhaust; Hydronic process piping & gas mains; ductwork, rooftop heating/AC, Heat boxes, suspended unit heaters, fire suppression; split refrigeration systems, etc.

For Permits contact:

Geneva Mechanical Inspector: Walter DeVisser 269-427-7543 or email: walt@waltdevisser.com

Copy of mechanical permits are available on Geneva web site: www.vbco.org/geneva.asp
